

An ISO 9001 : 2015 Certified Company

AKHIL
ENTERPRISE

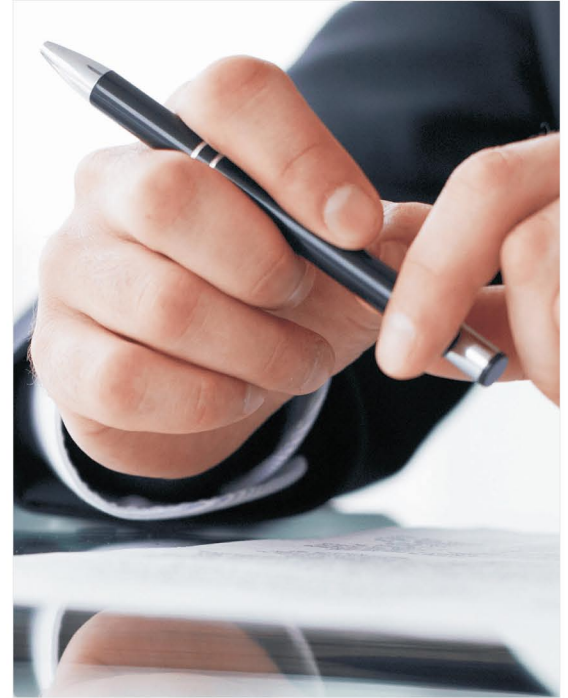

MANUFACTURES & EXPORTERS OF
ALUMINUM & BRASS
TURNED COMPONENTS

About Us

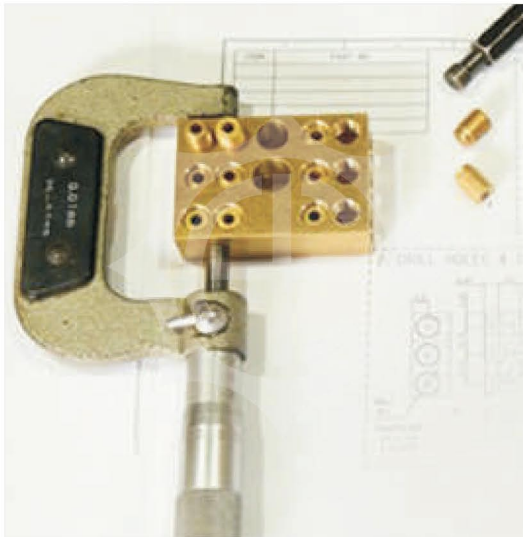

We also manufacture as per the buyer's own specifications and requirements. Akhil Enterprise consider customer's satisfaction as our gross profit. Our products are made under the most stringent quality control at every stage of production from finest raw material. Strict quality supervision ensures standard quality to meet international standards, that's why our products are exported to several countries.

With state of the art machineries, skilled labor, sufficient measuring instruments and Well experienced management, we always serve better quality at best prices. We are committed in our efforts to give you total satisfaction in terms of product and service. As a company, we focus on providing quality products, service and value to our customers. We emphasise on increasing our facilities, testing procedures & other resources based on our Customer requirements which add value to our customer friendly policy.

Quality

Quality Assurance is an integral part of Akhil Enterprise. We ensure that we are able to deliver high quality products to our customers according to their need. All our valued customers have awarded us consistently ensuring the high quality of our products. All our products pass through stringent quality testing procedures and inspections. We have an efficient quality control system in place. Quality control begins by checking raw materials for compliance with specifications.

All products are inspected at all stages of manufacturing for defect free surface quality. Our plant has maintained ISO 9001:2008, a certification of quality management systems maintained by the International Organization of Standardization and administered by certification and accreditation bodies

Quality Control

We have an efficient quality control system in place. Quality control begins by checking raw materials for compliance with specifications.

ALUMINUM COMPONENTS

Material :

Aluminum, Aluminum Alloy AA6061-T6 standard material grade or as per customers specification.

Threads :

ISO Metric, BSW, BA, BSF, UNC, UNF, UNEF or as per customers specification.

Size :

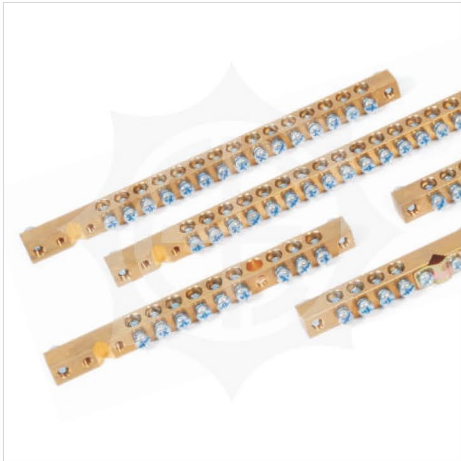

Begins from M2 or equivalent threads and upto any size as per custom design or requirement

Finish and Coating :

Aluminum Natural, Steel Natural, Nickel, Chrome, anodized as per customer's requirements.

Any kind of Aluminum Components can be developed and supplied exactly as per customer specifications

BRASS COMPONENTS

Material :

Free cutting Brass 319 type or BS 249 type, Any special Brass Composition as per customers requirement

Threads :

ISO Metric, BSW, BA, BSF, UNC, UNF, UNEF or as per customers specification.

Size :

Begins from M2 or equivalent threads and upto any size as per custom design or requirement

Finish and Coating :

Natural, Nickel Plated, Chrome Plated, Tin Plated, Silver Plated, Gold Plated or any coating as per customer specification

Any kind of Brass Components can be developed and supplied exactly as per customer specifications

Product Range

- Brass Neutral Links
- Aluminum Neutral Links
- Brass Mechanical Lugs
- Aluminum Mechanical Lugs
